Prevent pipe system from limescale build up. Free of maintenance, no operating costs.

## Most important advantages

Magnetic descaler works by applying electromagnetic field to the water. The electromagnetic field changes condition of water as it passes through the pipes. This prevents build-up of new limescale and removes the existing limescale.

Advantages of using magnetic descalers:

- extends the life of water appliances and water piping systems
- eliminates limescale from water appliances and dishes
- preserves mineral content of drinking water
